**vishal agarwal** (11/6/2006 11:07:28 PM): go ahead

**rishu\_nandan** (11/6/2006 11:07:49 PM): 1)How far as Jeevan Rekha progressed

**rishu\_nandan** (11/6/2006 11:08:00 PM): 2)What are the problems you are facing?

**prateek kataria** (11/6/2006 11:08:15 PM): in wut sense?

**prateek kataria** (11/6/2006 11:08:54 PM): like.....its been in operation for over an year now  
**prateek kataria** (11/6/2006 11:08:57 PM): so far atleast 100 students hv donated blood  
**prateek kataria** (11/6/2006 11:09:14 PM): MOTIVATION  
**prateek kataria** (11/6/2006 11:09:19 PM): motivation for blood donors  
**paragboom2k** (11/6/2006 11:09:49 PM): pls continue answering prateek...priyank's computer has some problems with ..it will get right within 5 minutes  
**rishu\_nandan** (11/6/2006 11:10:36 PM): 3)What do you think can be done to scale up the project...that is get more people iinvolved  
**prateek kataria** (11/6/2006 11:11:18 PM): a bit of funds  
**prateek kataria** (11/6/2006 11:11:32 PM): like so far i hv personally spent over 3k bucks for it  
**prateek kataria** (11/6/2006 11:11:36 PM): certificates for the donors  
**vishal agarwal** (11/6/2006 11:12:02 PM): sorry to interrupt ...that's where i can have some idea  
**rishu\_nandan** (11/6/2006 11:12:14 PM): wait vishal  
**rishu\_nandan** (11/6/2006 11:12:16 PM): let him ccomplete  
**vishal agarwal** (11/6/2006 11:12:41 PM): sorry  
**prateek kataria** (11/6/2006 11:12:52 PM): 1) include red cross  
**prateek kataria** (11/6/2006 11:12:55 PM): to provide certis to the donors  
**rishu\_nandan** (11/6/2006 11:13:38 PM): So till now how have you been organizing these blood donation camps??  
**paragboom2k** (11/6/2006 11:14:54 PM): prateek u there?  
**prateek kataria** (11/6/2006 11:15:28 PM): other incentives like an assurance if som1 donates blood, he will get blood in return in case of need  
**prateek kataria** (11/6/2006 11:15:32 PM): this thing is the best way to motivate other: non students n families  
**prateek kataria** (11/6/2006 11:15:39 PM): like we can ask them to register in jeevan rekha as volunteers  
**prateek kataria** (11/6/2006 11:15:43 PM): we'll ask them to come forward for blood donation whenever there is a need  
**prateek kataria** (11/6/2006 11:15:46 PM): n in return we'll provide them an assurance that they'll also get blood whenever they r in need  
**prateek kataria** (11/6/2006 11:15:50 PM): r u getting my point  
**prateek kataria** (11/6/2006 11:15:57 PM): give n take  
**paragboom2k** (11/6/2006 11:16:08 PM): ok...  
**rishu\_nandan** (11/6/2006 11:16:08 PM): Ya I get your point  
**paragboom2k** (11/6/2006 11:16:39 PM): so u mean non students community ke liye u are suggesting this idea???..for local people from dhanbad??  
**rishu\_nandan** (11/6/2006 11:16:50 PM): So what I was asking was that how are you implementing it now?  
**rishu\_nandan** (11/6/2006 11:17:01 PM): I mean how do you organize these blood donation camps?  
**prateek kataria** (11/6/2006 11:17:37 PM): PLEASE NOTE THAT IT IS NOT A BLOOD DONATION CAMP  
**rishu\_nandan** (11/6/2006 11:17:56 PM): where do these volunteers give blood??  
**prateek kataria** (11/6/2006 11:17:59 PM): ya u r rite Mr. Goswami  
**prateek kataria** (11/6/2006 11:19:14 PM): wherever the patient is  
**paragboom2k** (11/6/2006 11:19:22 PM): ....ok  
**rishu\_nandan** (11/6/2006 11:19:36 PM): Ohh that way.....so you have a database kind of a thing....  
**prateek kataria** (11/6/2006 11:19:48 PM): generally central hospital  
**rishu\_nandan** (11/6/2006 11:20:18 PM): And what are we saying.....anyone who registers for this will be given some sort of a certificate??  
**rishu\_nandan** (11/6/2006 11:21:16 PM): GUys this window is having some problems accept another invitataion from Vivek.....  
**prateek kataria** (11/6/2006 11:21:29 PM): i htink u r getting msgs with a lot of delay  
**prateek kataria** (11/6/2006 11:21:36 PM): yup  
**rishu\_nandan** (11/6/2006 11:21:36 PM): ya thats why a new window

**prateek kataria** (11/6/2006 11:21:41 PM): yeah i hv a database of last yr  
**prateek kataria** (11/6/2006 11:21:50 PM): this yr's in under construction  
**prateek kataria** (11/6/2006 11:24:29 PM): u all know ISM neT speed no??  
**rishu\_nandan** (11/6/2006 11:24:38 PM): The other window dude  
**rishu\_nandan** (11/6/2006 11:24:59 PM): Yups

**ism\_deepak**: hi

**exclusive\_vivek**: Hi everyone! sorry there was some problem with the earlier window.. we can start off afresh'

**ism\_deepak**: ok

**rishu\_nandan**: So blood is donated on need basis??

**ism\_deepak**: but since i joined late so i wont be able to figure out the previous proceedings

**rishu\_nandan**: We are discussing the Jeevan Rekha project

**ism\_deepak**: jok

**ism\_deepak**: \*ok

**talk2coolmohit**: one question for prateek..

**rishu\_nandan**: read more about it at ff-india.blogspot.com

**ism\_deepak**: i have read it sir

**talk2coolmohit**: how can you give assurance to the donor for blood..??

**rishu\_nandan**: Good

**rishu\_nandan**: Hey mohit everyone will get a chance let us first complete one iteration...

**rishu\_nandan**: otherwise there will be a lot of bhasad

**rishu\_nandan**: Prateek you there???

**katariaprteek**: where to msg?

**rishu\_nandan**: Here

**talk2coolmohit**: ok s..

**katariaprteek**: in this conference or the other one?

**rishu\_nandan**: This one

**rishu\_nandan**: So I was asking that blood will be given on a need basis??

**katariaprteek**: ya

**katariaprteek**: so.....

**rishu\_nandan**: That is if 100 volunteers sign up for Jeevan rekha then whenever some need of blood arises one of them will donate..right???

**katariaprteek**: the blood is donated on need basis

**exclusive\_vivek**: You mean to imply that you are not establishing some storage system... am I correct?

**katariaprteek**: very right

**ism\_deepak**: storage of blood will require a fairly good infrastructure

**katariaprteek**: no storage system

**katariaprteek**: in that case the blood may be misused

**talk2coolmohit**: that needs some infrastructure..

**ism\_deepak**: so its better wat prateek is saying

**rishu\_nandan**: Hmm okay

**rishu\_nandan**: and regarding certis or incentives to that effect

**rishu\_nandan**: Do you want them to be given just for signing up, or whenever someone donates for the first time or every time someone donates???

**exclusive\_vivek**: it seems to be a good idea to bolster donors' interests... serving them with perks...

**exclusive\_vivek**: i would suggest something on your question priyank sir... it can be progressive...

**ism\_deepak**: i dont think that perks will motivate nebody to donate blood

**rishu\_nandan**: What does progressive imply?

**katariaprteek**: certis must be given only wen one donates blood

**rishu\_nandan**: No Deepak...beg to differ....They will have an effect

**rishu\_nandan**: what I am asking is once or everytime one donates?

**katariaprateek:** n appreciation certi may be given to those who r interested but didn't get a chance to donate

**exclusive\_vivek:** progressive implies increasing the perks to some amount for repeated donors...

**rishu\_nandan:** Hmm sound good

**ism\_deepak:** priyank sir, certi may have effect

**ism\_deepak:** but not perks

**vishalaga1984:** but sir why everybody would turn up for blood donation widout any perks

**rishu\_nandan:** See guys

**rishu\_nandan:** all of you havce some valid points

**rishu\_nandan:** but the thing is that such things are totaly person dependent

**rishu\_nandan:** There maybe some who will donate without expectations

**ism\_deepak:** its better to ask about everyones point

**rishu\_nandan:** There will be some who otherwise wouldnt have donates but may donate for some lure

**katariaprateek:** perks n incentives always hv an effect

**rishu\_nandan:** donated\*

**ism\_deepak:** and then we may agree on some common stand

**katariaprateek:** n the best one is providing them that assurance that i told u abt

**rishu\_nandan:** And there may be others who wouldnt mind either way

**exclusive\_vivek:** i agree.. i think we should understand in more detail what sort of workplan Prateek has in mind.. Prateek can you discuss about your initial workplan if you have something in mind...

**katariaprateek:** person A gived to B

**exclusive\_vivek:** you have some starting place in mind?

**vishalaga1984:** but sir in that case we cannot assure regular blood to needy

**katariaprateek:** B gives to C

**katariaprateek:** n so on

**katariaprateek:** this stuff also ensures their safety in case of an emergency

**katariaprateek:** personally speaking i find this way very appropriate to motivate people provided we carry it out properly

**katariaprateek:** certi for every time blood donated

**katariaprateek:** its the general rule

**rishu\_nandan:** Hmm well I have reservations on certis for everytime blood donated

**rishu\_nandan:** What i think is one certi for the first time and then the progressive mechanism of perks

**ism\_deepak:** i will agree to priyank sir

**rishu\_nandan:** however that is not the major issue here

**exclusive\_vivek:** i would agree to Priyank sir's suggestion

**rishu\_nandan:** The major issue is work plan

**vishalaga1984:** that's good

**katariaprateek:** wut kind of starting place r u asking abt vivek sir

**exclusive\_vivek:** we have the ideas in place

**exclusive\_vivek:** i am talking about letting it go

**exclusive\_vivek:** have you planned about some particular city where we are going to start off

**rishu\_nandan:** See prateek the idea is mindblowing

**rishu\_nandan:** What we need is a right startegy to scale it up

**katariaprateek:** so.....wut kind of wrok plan r u talking abt

**ism\_deepak:** its better to start from dhanbad

**rishu\_nandan:** He already has a few volunteers in Dhanbad

**katariaprateek:** @vivek sir, i m running this project for the past 1 yr

**rishu\_nandan:** the most important thing is a scaling it up

**exclusive\_vivek:** ok... so you already have a donation society in dhanbad

**rishu\_nandan:** getting it out of the confines....

**rishu\_nandan:** We need to expand

**rishu\_nandan:** I think specifically with this plan what we need is:

**katariaprateek:** thats wut i hv been trying to do since long  
**katariaprateek:** i hc contacted many other blood donation socities so far  
**katariaprateek:** but didn't get reply from any  
**rishu\_nandan:** 1)A lot of publicity:Publicity implies any form,print electronic word to mouth  
**rishu\_nandan:** I meant publicity \*  
**katariaprateek:** so.....either we'll ourselves need to promote it  
**rishu\_nandan:** 2)We need a lot of liasons with Other blodd donation societies  
**katariaprateek:** or find some potential contacts in the other blooddonation socities  
**katariaprateek:** hmmm  
**rishu\_nandan:** A lot of networking needs to be done  
**exclusive\_vivek:** good to know that you've been working since an year... so we need to build up some contacts with blood banks  
**rishu\_nandan:** See the idea is very simple on the surface but has deep rooted impact..and the potential is immense  
**rishu\_nandan:** Neways I think we can work out strategies for sure for the same.....  
**ism\_deepak:** its like micro credit plan of gramin bank  
**ism\_deepak:** simple yet powerful  
**exclusive\_vivek:** Priyank sir.. I think that a lack of response from the blood bank signifies some sort of lack of interest on there part owing to a student writing a letter... can we have something from FFI in place? I mean a formal letter from FFI team...  
**rishu\_nandan:** Ya vivek u are right  
**exclusive\_vivek:** that would have major impacts on societies  
**rishu\_nandan:** there are a lot of other things which we can do  
**rishu\_nandan:** myself and Dp sir are already in talks....however we need to move ahead and hear others out too  
**rishu\_nandan:** Excellent job Prateek  
**rishu\_nandan:** dont worry about the small roadblocks..i think there are a lot of smart people in FFI and we can definitely work out make this a hige success  
**katariaprateek:** thnx sir  
**rishu\_nandan:** If neone has nethig else to add then say else we will move to other members  
**exclusive\_vivek:** sure sir.. and good job Prateek..  
**vishalaga1984:** good job kattu  
**exclusive\_vivek:** I guess Vishal was also talking about Jeevan Rekha initial  
**exclusive\_vivek:** \*initially  
**exclusive\_vivek:** Vishal do you have anything to add up?  
**rishu\_nandan:** Yups ejjjactlyyyy  
**ism\_deepak:** i have joined the delhi blog circle  
**rishu\_nandan:** Vishal go ahead now  
**vishalaga1984:** yeah  
**ism\_deepak:** and through that we can gain some publicity  
**ism\_deepak:** for this cause  
**vishalaga1984:** yes sir  
**rishu\_nandan:** Yups deepak we will here you out after this  
**vishalaga1984:** i want to send one copy of my plan which i send to dp sir  
**rishu\_nandan:** yups no need now  
**exclusive\_vivek:** can you just put up a brief out here?  
**vishalaga1984:** frankly speaking, i take up my idea from "jeevan rekha" only but it has much broader aspect  
and impact. First of all , i was wondering why students would come forward to donate something as precious as blood. then i came up with idea that if they are provided with some incentives , they will definitely come forward. but the question that arises is how to do that. one simple solution to cope with that problem is that we can talk with some retail chains which have seen spurge in recent times and that are new in market to give some discount to these people who would donate blood. but again why these retail chains or shops give discounts ....simply to boost up their sales and to grab market share.this can be done by providing blood

**vishalaga1984:** donation cards against the blood donation by them and they can avail discounts at select outlets.some outlets may be cafe coffee day, upcoming reliance retail chains, shopper's stop, macdonalds etc. some regional shops can also be selected for this purpose.but certainly this would require convincing these business houses so that they can simultaneously do some social work alongwith increasing their turnovers. in the process everyone involved , donor, beneficiary and the business groups..all will be benefitted.

i hope now i am able to tell my working procedure of this concept.

looking forward for ur review sir.

**rishu\_nandan:** I have understood this dude...just give a small headsup to other members

**vishalaga1984:** sure sir

**rishu\_nandan:** avoid oasting such long transcripts....messenger sometimes hangs coz of this

**rishu\_nandan:** pasting\*

**exclusive\_vivek:** ok... so you are expanding up on the provision of perks idea.. i think I got your point...

**vishalaga1984:** sir, we can arrangr blood donation camps either quaterly or semi snnually

**vishalaga1984:** this can b done with help frm college students

**rishu\_nandan:** Yups Vishal I understand.....there is a lot more we can add to Jeevan

Rekha....and we are already thinking about it....you too have given some excellent suggestions

**rishu\_nandan:** Has anyone any doubt or questions on Vishals plan???

**ism\_deepak:** one question

**vishalaga1984:** and they can motivated to come forward when attractive incentives are given to them

**rishu\_nandan:** If no we can move forward....Discussion on Jeevan rekha will be a new meeting all together

**katariaprteek:** yup

**katariaprteek:** as said earlier blood donation camp is not a proper thing in my opinion

**rishu\_nandan:** No Prateek

**katariaprteek:** wuts the use of a camp if we r providing it on need basis

**rishu\_nandan:** Infact its an excellent idea

**rishu\_nandan:** Agreed but wahts the harm?

**vishalaga1984:** also it is easier to convince college students to donate blood rather than general public

**vishalaga1984:** we can contact any good blood donation society

**ism\_deepak:** but when we are not having storage system then how can we have donation camp?

**ism\_deepak:** and storage system will require infrastructure

**vishalaga1984:** so that volunterrs can donate on rotation system

**talk2coolmohit:** by takin help from local blood banks

**rishu\_nandan:** Guys guys.....lets stop the debate her for now and move ahead....we will be having another thread on Jeevan Rekha later...all of us have some great ideas for it and I can see the enthu....but lets move on for now

**vishalaga1984:** deepak sir, this is where i m different frm prateek

**exclusive\_vivek:** i think we can discuss that at a later stage as well.... a camp is a good idea though...

**vishalaga1984:** im talking about blood donation societies

**ism\_deepak:** ok

**exclusive\_vivek:** we can move with it once we have started off with the other details discussed before

**rishu\_nandan:** Deepak bhai.....we will have a tie ups with Blood bank societies and hospitals..not our own blood bank

**ism\_deepak:** lets discuss it later

**ism\_deepak:** ok

**rishu\_nandan:** isiliye i was saying kee we will disucc this later :)

**ism\_deepak:** got it sir

**vishalaga1984:** yeah

**katariaprteek:** camp may result in misuse of blood

**katariaprateek:** selling of blood  
**rishu\_nandan:** Nope it wont brother...we will assure that :)  
**katariaprateek:** in that case the poor people may not get it  
**vishalaga1984:** but not always  
**vishalaga1984:** this may be possible  
**rishu\_nandan:** Guys lets stop  
**rishu\_nandan:** :D  
**rishu\_nandan:** Mohit you there??  
**vishalaga1984:** ok  
**talk2coolmohit:** ya sir here only..  
**exclusive\_vivek:** good ideas prateek... i guess we should hear something about school chalo  
**katariaprateek:** r u getting my point  
**rishu\_nandan:** So how do you see your project  
**exclusive\_vivek:** over to you mohit -> Back to School  
**katariaprateek:** i hv already done quite a lot of research regarding this  
**rishu\_nandan:** Yups prateek I got all your concerns....dont worry we will keep in mind everything  
**talk2coolmohit:** fine sir..  
**exclusive\_vivek:** agreed prateek :)  
**talk2coolmohit:** actually let me clarify tht this project nt for under privileged..  
**rishu\_nandan:** Yups I have read and understood and it is a very good idea though  
**rishu\_nandan:** Infact i had once written a blog on the same too ;-)  
**talk2coolmohit:** this inspiration i got from a group of students frm iit-roorkee nd mumbai  
**katariaprateek:** k sir  
**rishu\_nandan:** Great,,,,,  
**rishu\_nandan:** Mohit sorry  
**rishu\_nandan:** lemme interrupt  
**talk2coolmohit:** they go on organinzing JEE-based events in patna  
**rishu\_nandan:** can i ask you a few questions?  
**rishu\_nandan:** continue continue  
**rishu\_nandan:** continue this peice and then I will ask  
**talk2coolmohit:** n they get gr8 support  
**talk2coolmohit:** sure sir..  
**exclusive\_vivek:** so you are trying to spread higher education awareness amongst 9th - 10th students irrespective of financial background....  
**talk2coolmohit:** so i thought of having something similar..  
**talk2coolmohit:** exactly  
**talk2coolmohit:** nd 11-12 also  
**talk2coolmohit:** coz at that time we lack some guidance  
**talk2coolmohit:** i always try to think practically  
**rishu\_nandan:** I am totally with you...we have all gone through this phase....  
**rishu\_nandan:** So Mohit a couple of questions:  
**talk2coolmohit:** wt i faced is wt i am tryin to do..  
**talk2coolmohit:** for eg.  
**rishu\_nandan:** 1)Do you have a workplan already in place for this??  
**talk2coolmohit:** i left B.designing coz nobdy ws thr 2 tel me  
**rishu\_nandan:** 2)How much responisbilty you are ready to take up to implement this?  
**talk2coolmohit:** a half baked plan sir..  
**talk2coolmohit:** i planned this before FFI so it need some modification..  
**talk2coolmohit:** initially i planned it for vacations only..  
**exclusive\_vivek:** great ideas Mohit.... one quick question : are you also planning about setting up something similar to coaching centers... i mean full time counselling centers along with your plan of volunteers visiting school campuses during vacations?  
**katariaprateek:** 3) from where do u intend to get the counsellors  
**katariaprateek:** students may not be able to provide proper guidance  
**rishu\_nandan:** Guys let him answer one question at a time  
**talk2coolmohit:** i think we cn give evrythng abt engg. feild

**talk2coolmohit:** i wantd 2 include somebdy frm medical feild  
**talk2coolmohit:** n law,bio-tech  
**rishu\_nandan:** Mohit team building I am sure can be done  
**talk2coolmohit:** coz we are in the college so we will surely get more importance thn counsellors..  
**rishu\_nandan:** Can you answer question 2??  
**talk2coolmohit:** yes sir..  
**talk2coolmohit:** as i hv told tht initially it was for vacations so 4-5 active members were sufficient  
**rishu\_nandan:** 2)How much responisbilty you are ready to take up to implement this?  
**katariaprteek:** but still i say that we ourselves too dont hv that much exposure.....like we can tell stuffs abt our college, IITs n a few others but for a broader view.....  
**talk2coolmohit:** bt surely now i need few more people..  
**talk2coolmohit:** if we plan to launch it in dhabad  
**talk2coolmohit:** 110%  
**rishu\_nandan:** Nahee I didnt mean you alone brother  
**exclusive\_vivek:** prateek.. i guess professional counsellors can always be hired at some stage..  
**talk2coolmohit:** we can always include people frm othr feilds  
**rishu\_nandan:** what I meant was how much are you ready to give in terms of time and effort to this cause of yours  
**talk2coolmohit:** yes sir..  
**talk2coolmohit:** and i also thought of tie up some coaching centers..  
**rishu\_nandan:** Prateek strategising can be done later  
**talk2coolmohit:** if we organize a test/quiz/etc thn we need some pofessional teachers  
**katariaprteek:** quite true  
**talk2coolmohit:** n these coaching centers cn get publicity  
**talk2coolmohit:** n tht also infront of school going audience  
**rishu\_nandan:** I didnt understand this piece?  
**talk2coolmohit:** k lemme explain..  
**rishu\_nandan:** Coaching centre ka kya fundaa hai?  
**talk2coolmohit:** suppose we went to schhols and selected the audience..  
**talk2coolmohit:** means students intrested in eng. feild..  
**rishu\_nandan:** Mohit  
**rishu\_nandan:** one minute  
**talk2coolmohit:** thn we cn hv JEE based sumthng for thm  
**rishu\_nandan:** our main aim is to let the students decide what their intrest is right??  
**talk2coolmohit:** n 4 tht we need their help..  
**talk2coolmohit:** exactly..  
**rishu\_nandan:** I think we should be just giving them gyaan on various aspects....  
**rishu\_nandan:** and then let them decide.....  
**talk2coolmohit:** n afr they hv decided allow them to perform better  
**rishu\_nandan:** I didnt get it  
**talk2coolmohit:** we cn restrict ourselves to tht point also  
**talk2coolmohit:** so scope of expansion is always there  
**rishu\_nandan:** ya thats better I feel brother  
**exclusive\_vivek:** sounds good to me as well..  
**talk2coolmohit:** means just giving counselling..  
**rishu\_nandan:** ya  
**rishu\_nandan:** definitely  
**talk2coolmohit:** n let thm decide the feild beforehand  
**rishu\_nandan:** naa....  
**rishu\_nandan:** we just give them gyaan  
**rishu\_nandan:** we dont even ask them what they have to decide  
**rishu\_nandan:** and that will be our strength  
**rishu\_nandan:** and thts the beauty of your idea  
**katariaprteek:** its really good  
**talk2coolmohit:** coz evn JEE hs restrictd 2 two attempts  
**katariaprteek:** so where do we plan to implement it initially?

**talk2coolmohit:** so prepare the base..  
**katariaprteek:** dhanbad?  
**rishu\_nandan:** Vivek I think dubey is online..cann you add him as well  
**talk2coolmohit:** simple funda..  
**exclusive\_vivek:** i'll just check ashutosh dubey  
**talk2coolmohit:** [:)]  
**rishu\_nandan:** Deepak I hope you are there?  
**ism\_deepak:** yes sir  
**rishu\_nandan:** :) good  
**ism\_deepak:** i m there  
**rishu\_nandan:** be patient i l be coming to you next :d  
**ism\_deepak:** following every thing closely  
**talk2coolmohit:** yes sir..  
**rishu\_nandan:** So Mohit.....  
**talk2coolmohit:** since FFI hs 2 wrk till march/april in first phase  
**talk2coolmohit:** so dhanbad will be a better option  
**rishu\_nandan:** how motivated are you by your idea?  
**talk2coolmohit:** n also we hv some brand value here  
**rishu\_nandan:** ohh so you have gone through the timeline it seems ;-)  
**rishu\_nandan:** good  
**talk2coolmohit:** yes sir..  
**talk2coolmohit:** i hd a chat with DP si few days back..  
**rishu\_nandan:** how motivated are you by your idea?  
**exclusive\_vivek:** i guess i have read that... the one posted on ff-india blog  
**rishu\_nandan:** Mohit?????????  
**talk2coolmohit:** yes sir..  
**talk2coolmohit:** strange question sir..  
**talk2coolmohit:** everybdy feels his idea is good..  
**talk2coolmohit:** n i worked on it before FFI  
**rishu\_nandan:** :))  
**rishu\_nandan:** Nahee dude...what you have said is right  
**exclusive\_vivek:** i guess Priyank sir wants to be clear about the time and effort.. not the effectiveness of idea itself  
**rishu\_nandan:** what I am saying is kee how motivated are you too make your idea success....  
**talk2coolmohit:** so i hv 2 do it  
**rishu\_nandan:** ya Vivek sort of...  
**rishu\_nandan:** hmm good....  
**rishu\_nandan:** excellent  
**rishu\_nandan:** Does anyone has anything more to ask about back to school???  
**exclusive\_vivek:** i am out of questions...  
**rishu\_nandan:** Nobody else???  
**rishu\_nandan:** I hope everyone is wid us????  
**ism\_deepak:** not frm my side  
**rishu\_nandan:** hope no ones asleep ;-)  
**talk2coolmohit:** sir we cn anytime contact ny professional  
**talk2coolmohit:** they will et free publicity..  
**talk2coolmohit:** @prateek sir.  
**talk2coolmohit:** get\*  
**ism\_deepak:** may be parag :)  
**rishu\_nandan:** parag ke yahan light chalee gayi hai  
**ism\_deepak:** ok  
**ism\_deepak:** bechara gugaon mein rahta hai na :D  
**rishu\_nandan:** Excellent stuff Mohit  
**rishu\_nandan:** great idea,,and the best part is that it is worth implementing every penny  
**katariaprteek:** ya that would be gr8 mohit  
**rishu\_nandan:** So deepak brother

**rishu\_nandan:** lets come to you  
**rishu\_nandan:** Hope everyones awake??? :d  
**ism\_deepak:** haan sir  
**talk2coolmohit:** shd we go ahead on another project..  
**rishu\_nandan:** Prateek you with us?  
**rishu\_nandan:** Vishal?  
**rishu\_nandan:** Vivek?  
**talk2coolmohit:** priyank sir??  
**rishu\_nandan:** :))  
**exclusive\_vivek:** yeah... I guess Deepak hasn't posted something on the blog...  
**exclusive\_vivek:** so do you have something in mind Deepak?  
**ism\_deepak:** i m the youngest member here  
**rishu\_nandan:** Youngest???  
**katariaprteek:** yeah sir  
**ism\_deepak:** so didnt do nething  
**rishu\_nandan:** Vishal are u there?  
**ism\_deepak:** as far as date of joining is concerned  
**rishu\_nandan:** :))  
**exclusive\_vivek:** no probs deepak.. you can always add up to others....  
**talk2coolmohit:** sorry sir..  
**rishu\_nandan:** hey dude there is no date of joining and stuff  
**ism\_deepak:** have some ideas  
**rishu\_nandan:** the only thing is that you should be motivated  
**talk2coolmohit:** me the youngest:)  
**ism\_deepak:** but havent thought abt the feasibility  
**exclusive\_vivek:** go ahead  
**rishu\_nandan:** Deepak teel me something  
**rishu\_nandan:** how motivated do you feel about working for FFI  
**rishu\_nandan:** ?  
**ism\_deepak:** its abt the protection of witnesses in some criminal cases  
**rishu\_nandan:** and what are your reasons for joining the same?  
**ism\_deepak:** i think that i will rate myself more than avg  
**ism\_deepak:** as afar as motivation is concerned  
**ism\_deepak:** and the reason being strong feelings  
**ism\_deepak:** about these subjects  
**katariaprteek:** sorry to say.....but i'd hv to tk a leave now.....got to address some juniors  
**rishu\_nandan:** Hmm...I have seen you working for school project and I must say...you sure do have a lot of enthu  
**rishu\_nandan:** No probs.....  
**ism\_deepak:** infact i m working on another ngo also  
**ism\_deepak:** its called SVA  
**ism\_deepak:** suchna vinimay aur aap  
**rishu\_nandan:** Prateek we l get back to you soon...  
**ism\_deepak:** but its out of topic to discuss it here  
**rishu\_nandan:** hmm...makes sense.....  
**katariaprteek:** ok  
**rishu\_nandan:** Neways be prpared to do a lot of work for FFI :d  
**ism\_deepak:** so sir shall we discuss abt the protection of witness stuff  
**exclusive\_vivek:** yeah deepak.. we are open to ideas  
**rishu\_nandan:** Deepak what you can do better is make a small proposal and send it  
**ism\_deepak:** or shall we discuss later after i make a proper plan  
**rishu\_nandan:** we will post it on the blog and then subsequently have a discussion  
**exclusive\_vivek:** i guess you should rather post it on blog  
**rishu\_nandan:** By when can you do this??  
**ism\_deepak:** yeah i think that proposal making is good idea  
**rishu\_nandan:** So coming to you Vivek

**rishu\_nandan:** :)

**rishu\_nandan:** What do you have to say??

**ism\_deepak:** ya

**ism\_deepak:** i think i will do it by tomorrow

**rishu\_nandan:** I am tired of asking questions.....would like to hear what you have got to say

**rishu\_nandan:** sure deepak....

**exclusive\_vivek:** yeah... i had a project in mind relating to food problems..

**rishu\_nandan:** take your time...when you are ready just email it to me..we will post it on the blog  
v i guess all might have read something about it on the blog

**rishu\_nandan:** yups....

**ism\_deepak:** sure sir

**rishu\_nandan:** Go ahead vivek

**exclusive\_vivek:** the idea initially was to address both the child malnutrition and adult poverty probs...

**exclusive\_vivek:** i had then thought in detail about poverty relating to village farmers and haven't pondered much upon the other issue

**exclusive\_vivek:** what i had in mind were the issues of farmer suicides in various states owing to extreme poverty...

**ism\_deepak:** good vivek

**ism\_deepak:** i think that its the need of hour

**rishu\_nandan:** Vivek your idea is good on surface

**rishu\_nandan:** but you need to strategise the work plan

**exclusive\_vivek:** to improve the situation, we can educate them with other alternatives together with farming and we can also help them with the major problems of getting good returns on their harvests in the market

**ism\_deepak:** one addition frm my side

**ism\_deepak:** we can add psychological counselling also

**exclusive\_vivek:** yeah... my initial thoughts were to start off with visual media... some sort of presentation slides which could spread the awareness of technology etc..

**rishu\_nandan:** See vivek

**rishu\_nandan:** the problem is that your project is one of those which is like the need of the hour in India

**rishu\_nandan:** but it is very huge...

**rishu\_nandan:** there are many sided to it

**rishu\_nandan:** sides\*]

**exclusive\_vivek:** yeah... that's why I had a difficulty in chalking out some concrete work plan to begin with... i guess we can have ideas about it from people here... can anybody suggest

**rishu\_nandan:** what you need to think clearly is that what will we be doing

**rishu\_nandan:** i think you should be the first one to think and propose....

**ism\_deepak:** its a little difficult in implementation

**rishu\_nandan:** I mean I am sure you have a great mind an ideas...

**ism\_deepak:** but one thing is sure

**rishu\_nandan:** but dude you need to exercise it a lil bit more :)

**ism\_deepak:** it will start at village level

**exclusive\_vivek:** yeah sir :) i had thought about directly tieing up with Anganbaris and other organisations...

**talk2coolmohit:** the mind is gr8 sir..

**talk2coolmohit:** bt r u sure tht we can do it within time frame..

**rishu\_nandan:** see Vivek

**rishu\_nandan:** we can take it forward in steps

**rishu\_nandan:** as you said you had thought earlier about visual media...

**rishu\_nandan:** simplify your project...

**rishu\_nandan:** it has huge potential I am telling you....

**rishu\_nandan:** Its people like you only who can make a difference if the desire is there

**ism\_deepak:** but will have to think very cautiously

**rishu\_nandan:** See Vivek.....

**ism\_deepak:** Rs 10 thousand crore PM's package could not make ne difference in maharashtra  
**rishu\_nandan:** I bet you just need to put in a couple of hours....with a clear mind...  
**ism\_deepak:** so u can imagine the importance and need of this project  
**rishu\_nandan:** and i am sure you will come up with something...  
**exclusive\_vivek:** the problem is of communicating with the villagers directly.. so I had proposed of some small tie-ups starting with a few villages .. organisations whose workers can be provided one-two hours training about how to open and browse through a flash or powerpoint presentation  
**rishu\_nandan:** Thats what brother  
**rishu\_nandan:** and thats what I have been asking others also all throughtout  
**talk2coolmohit:** so one thing is clear only money won't help  
**rishu\_nandan:** See you oughta take the initiative  
**rishu\_nandan:** only proposal wont help  
**rishu\_nandan:** you need to be incharge  
**rishu\_nandan:** this project needs to be your baby  
**talk2coolmohit:** right said sir..  
**rishu\_nandan:** else we will be just another group of engineers who make communities on orlut...  
**rishu\_nandan:** forward emails....  
**rishu\_nandan:** talk for hours about all the shit around us....  
**rishu\_nandan:** but do NOTHING  
**exclusive\_vivek:** agreed... we've to start off... so what I need to do is first identifying a city and then a few organisations which might help...  
**rishu\_nandan:** yups  
**rishu\_nandan:** and the thing is that you need to do it  
**rishu\_nandan:** me ,Do sir...other memebrs...everyone is with you  
**ism\_deepak:** it should be village and not city vivek  
**rishu\_nandan:** the entire team FFI is there  
**rishu\_nandan:** but you will have to say...  
**rishu\_nandan:** Priyank Sir I need this  
**rishu\_nandan:** Deepak you need to do this  
**rishu\_nandan:** Mohit you do this  
**exclusive\_vivek:** agreed...  
**rishu\_nandan:** and thats when things will move....  
**rishu\_nandan:** mmeaybe you will fail....but only when you will fall you will learn  
**talk2coolmohit:** me with the team sir..  
**ism\_deepak:** no need to ask me  
**ism\_deepak:** i m always with it  
**rishu\_nandan:** i know all of you are there  
**rishu\_nandan:** just that our thoughts housld tranform to actions  
**exclusive\_vivek:** Thanks everyone... ;) can somebody add up something other than tying up with NGO's etc.? I guess the project idea is huge but needs more careful thoughts  
**rishu\_nandan:** most of the times we guys are good only on yahoo messenger and gmail  
**rishu\_nandan:** when it comes to real work we all run away....  
**ism\_deepak:** agreed  
**rishu\_nandan:** aaj agar someone tells me kee mysore ke paas ek village main jaan hai to maybe I I think twice  
**rishu\_nandan:** we need to get over this fear....  
**exclusive\_vivek:** yup  
**rishu\_nandan:** we are used to easy lives abhee...  
**rishu\_nandan:** and jahan bhee thoda sa deviation aata hai we think kee "ye to sarkaar ka problem hai...mera nahee"  
**exclusive\_vivek:** I would surely ponder more over it... anybody with more thoughts?  
**rishu\_nandan:** I think thats enough of gyaan 4 now :)  
**rishu\_nandan:** from my side....  
**rishu\_nandan:** GUys I think all of you should ponder on this.....  
**talk2coolmohit:** we need huge man power  
**ism\_deepak:** i think its enough for 1 st day :D

**ism\_deepak:** sorry  
**talk2coolmohit:** coz only people goin to feilds wil make a diffrence  
**ism\_deepak:** some prob with keyboard  
**rishu\_nandan:** Vivek I think you should send out a mail tomorrow..or tonite from my place....on the FFi group asking people for ideas...  
**rishu\_nandan:** Yes mohit...  
**exclusive\_vivek:** yeah sure  
**rishu\_nandan:** and manpower comes from students like you  
**rishu\_nandan:** You are the real FFI  
**rishu\_nandan:** its upto you and others like you top come forward....  
**talk2coolmohit:** i thnk we all are  
**rishu\_nandan:** motivate your friends....juniors....whoever...  
**ism\_deepak:** sujeet is keen on doing this  
**rishu\_nandan:** sure man  
**ism\_deepak:** he will be of gr8 help  
**ism\_deepak:** i will talk to him  
**rishu\_nandan:** I think all of you should try and loop in more people...  
**exclusive\_vivek:** you can have a talk with him Deepak and let him mail everyone about his ideas  
**ism\_deepak:** yes sir  
**rishu\_nandan:** see you need not wait for orders from Dp sir or me....  
**ism\_deepak:** i will talk to him tomorow  
**rishu\_nandan:** all of you are FFI  
**rishu\_nandan:** you guys just need to take the initiative.....  
**rishu\_nandan:** we will be more than happy to encourage you guys and provide all assitance....  
**rishu\_nandan:** people all asleep????  
**rishu\_nandan:** :)  
**exclusive\_vivek:** I'm still awake ;)  
**rishu\_nandan:** Deepak?  
**rishu\_nandan:** Mohit?  
**ism\_deepak:** m there  
**talk2coolmohit:** me here  
**rishu\_nandan:** :)  
**rishu\_nandan:** good  
**rishu\_nandan:** I think we should all call it a day now  
**ism\_deepak:** yes sir  
**rishu\_nandan:** does anyone have nething else to ask?  
**ism\_deepak:** kal jaldi office jana hai :(  
**exclusive\_vivek:** not me.. :)  
**rishu\_nandan:** Mohit...I want you to start forming a team there for your project and trying to device effectiveways to implement it.....  
**ism\_deepak:** not me either  
**talk2coolmohit:** no sir..  
**talk2coolmohit:** sure sir..  
**rishu\_nandan:** And really quick :)  
**rishu\_nandan:** your idea has great potential  
**rishu\_nandan:** but we dont wanna go in an infinite loop  
**rishu\_nandan:** whatever I said to vivek is applicable to you  
**talk2coolmohit:** k sir..  
**rishu\_nandan:** just tell any FFI member what you need.....  
**talk2coolmohit:** i got ur point..  
**rishu\_nandan:** and you I have it...  
**rishu\_nandan:** we are all there to help  
**rishu\_nandan:** also talk to Dubey  
**rishu\_nandan:** He is making a team of vlunteers  
**talk2coolmohit:** i know tht  
**rishu\_nandan:** so you will get a lot of help from his side also...

**rishu\_nandan:** maybe you should also join him.....  
**talk2coolmohit:** he is always in touch with me..
